FAMILY SMOKING PREVENTION AND TOBACCO CONTROL ACT

SPEECH OF

HON. DAVID E. PRICE

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 12, 2009

Mr. PRICE of North Carolina. Madam Speaker, I thank Chairman WAXMAN for his leadership on this important legislation—and on the whole range of public health issues before the Congress—and have talked extensively with him about the intention of the use of the term “small business tobacco manufacturing industry” as it concerns the Scientific Advisory Committee established in Section 917(b)(1).

H.R. 1256 provides for the establishment of a 12-member Tobacco Products Scientific Advisory Committee and stipulates that one of the members of the Committee shall be a “representative of the interests of the small business tobacco manufacturing industry” that may be filled on rotating, sequential basis by representatives of different “small business tobacco manufacturers.”

For the purpose of phrasing in compliance with certain requirements of this act Section 900(16) of the bill defines “small tobacco product manufacturers” as those having fewer than 350 employees. However, the bill does not define what constitutes a “small business tobacco manufacturer” as it relates to the SAC.

Chairman WAXMAN has assured me that I am correct in concluding that the term in section 917(b)(1) regarding membership on the Advisory Committee is different from—and need not be interpreted as the same as—the one used in proposed new section 900(16).

Additionally, Chairman WAXMAN has assured me that when section 917(b)(1) says that one member of the Scientific Advisory Committee must be a representative of the “small business tobacco manufacturing industry” that does NOT mean that the person must be a representative of a “small tobacco products manufacturer” as defined in section 900(16).

I appreciate the chair’s effort to ensure that small manufacturers have a seat at the table on the Scientific Advisory Committee. The passage of this important legislation is a victory for public health and our nation’s children. I have supported this bill in both this and the last Congress because I believe we must place a far greater emphasis on youth smoking prevention and the elimination of tobacco advertising aimed at children. The Food and Drug Administration is the logical agency to take on the new regulatory responsibilities, and Congress and the Obama Administration need to make sure they have adequate support to carry out this important job.

This transition program for at-risk girls and young women in Duval and Broward counties includes vocational education, integrated employment, continuing education, and independent living training.

project is eligible to receive a federal grant under the Department of Justice, Office of Justice Programs—Juvenile Justice Account.

Bill Number: H.R. 2847—Commerce, Justice, Science Appropriations Act of 2010

Account: Office of Justice Programs—Byrne Discretionary Grants

Legal Name of Receiving Entity: City of Jacksonville, FL

Address of Receiving Entity: 117 W. Duval St., #400, Jacksonville, Florida 32202

Description of Request: I have secured \$1,250,000 in funding in H.R. 2847 in the Office of Justice Programs—Juvenile Justice Account under the Department of Justice for the At-Risk Youth Intervention Initiative.

Jacksonville, FL, has been the “murder capital” of Florida for nine years running, and 14 of the last 19 years, with the per capita homicide rate spiking at an alarming rate since 2001. More than 10 percent of the murders in Florida occur in Duval County, even though it represents about 5 percent of the state population.

Jacksonville Journey’s At-Risk Youth Intervention Initiative aims to reduce truancy, drop-out rates, and assess juveniles when initially entering the juvenile justice system. The three pronged approach will utilize Out-of-School Suspension Program, Juvenile Assessment Center, and the Team Up after school education program. This program will divert at-risk youth away from the criminal system and dramatically reduce the number of unsupervised youth, improve academic outcomes, and reduce crime.

This project is a valuable use of taxpayer funds because the At-Risk Youth Intervention Initiative aims to reduce truancy, drop-out rates, and provide after school education programs. This program will utilize Out-of-School Suspension Centers to provide a structured and safe environment for suspended juveniles. Youth arrested in Jacksonville will be taken to the Juvenile Assessment Center where counselors will determine an appropriate placement and intervention strategy. Team UP, one of the other partners in the initiative, is an after-school program that provides education and counseling services to low-income at-risk youth.

The Jacksonville Journey At-Risk Youth Intervention Initiative will be funded by local, state, and private funds totaling \$5,000,000. This project is eligible to receive a federal grant under the Department of Justice, Office of Justice Programs—Juvenile Justice Account.

Address of Receiving Entity: 444 Appleyard Drive, Tallahassee, FL 32304

Description of Request: I have secured \$245,000 in funding in H.R. 2847 in the Office of Justice Programs—Byrne Discretionary grant program under the Department of Justice for the Florida Public Safety Initiative at Tallahassee Community College.

After the September 11, 2001, tragic events, a concerted effort was begun by law enforcement agencies to reduce barriers that impede intelligence sharing so that future tragedies could be prevented.

The National Criminal Intelligence Sharing Plan (NCISP) was developed as a key tool that law enforcement agencies can employ to support crime-fighting and public safety efforts. The NCISP developed minimum criminal intelligence training standards for law enforcement personnel, and recommended that “training should be provided to all levels of law enforcement personnel involved in the criminal intelligence process.”

The Florida Public Safety Institute (FPSI) at Tallahassee Community College initiated a project to update existing intelligence training programs at FPSI to enable law enforcement and other criminal justice agency personnel engaged in the planning, collection, collation, analysis, and dissemination of information and criminal intelligence to meet NCISP standards.

Tallahassee Community College will contribute \$394,000 to the project. This project is eligible for federal funding under the Department of Justice, Office of Justice Programs—Byrne Discretionary grant program.

HELPING ACTIVE DUTY DEPLOYED ACT OF 2009

HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Monday, June 15, 2009

Mr. CONNOLLY of Virginia. Madam Speaker, today I introduced the Helping Active Duty Deployed Act of 2009 to help the brave men and women in our armed forces as they prepare for deployment or change of station. The Helping Active Duty Deployed Act of 2009 (HADD Act), would relieve military personnel who are deploying or changing station from onerous penalties that they currently incur for early termination of private contracts. It is unconscionable that the members of our armed forces who put their lives on the line to protect our freedom are charged early termination penalties when facing deployment or change of station.

The HADD Act will make it illegal for a cell phone company to charge an early termination penalty to members of the military facing deployment or change of station. The 110th Congress provided that cellular telephone service entered into solely by the military member was not subject to an early termination penalty should the member receive change of station orders. However, many military members with families have more affordable family plans, and can still be charged early termination penalties. They are faced with two unpalatable options—continue to pay for a family plan they are no longer able to use, or pay an early termination penalty.

The HADD Act will make it illegal for a landlord to charge an early termination penalty to members of the military facing deployment or change of station. Although the current Servicemember Civil Relief Act permits members to legally terminate a residential lease, it does not exempt them from early termination penalties. Conversely, existing law expressly prohibits early termination penalties for terminating a motor vehicle lease.

The HADD Act will make it illegal for institutions of higher education to retain the unused portion of tuition a member of the military was forced to forgo due to deployment or change of station. Military personnel should receive a tuition refund if they are deployed mid-semester. The 110th Congress passed the expanded GI Bill, expressing its support for our veterans. I cannot believe that we would implicitly discourage their education during their years of service for fear that their tuition expenses may be lost if they are called upon to actively serve their country. The HADD Act will fix this disparity.

Madam Speaker, the HADD Act has the endorsement of the Iraq and Afghanistan Vet-

erans of America and I will introduce a copy of their letter into the record. I hope my colleagues will join me in supporting our men and women in uniform, and outlaw the practice of penalizing our military for their service to our country.

IRAQ AND AFGHANISTAN VETERANS OF
AMERICAN HADD ACT LETTER OF SUPPORT
(By Patrick Campbell)

MAY 8, 2009.

HON. GERALD E. CONNOLLY,
*Cannon House Office Building, Washington,
DC.*

DEAR CONGRESSMAN CONNOLLY: Iraq and Afghanistan Veterans of America (IAVA) is proud to offer our support for the Helping Active Duty Deployed Act of 2009 (HADD). The Servicemember Civil Relief Act must continue to be modernized to ensure that our men and women in uniform are focusing on their missions overseas and not bureaucratic morass back at home. Over 500,000 National Guard and Reservists have been deployed since 9/11 and nearly 1/5th of those are currently enrolled in college. Without federal protections these servicemembers who are deployed mid academic term face a patchwork of refund procedures which are confusing and inconsistent. HADD will require colleges to refund tuition paid by the servicemember for courses they could not complete due to a deployment. This legislation will also allow servicemembers who have cell phone contracts on a family plan to suspend their service while they are overseas. While I was in Iraq, I was required to pay a monthly fee to my cell phone provider in order to keep my cell phone contract current. I spent five hours of my first day back from Iraq in a Cingular Wireless store just trying to get my service restored. It took me over 7 months for the whole issue to get resolved and required filing a complaint to the FCC and switching service providers.

If we can be of help in securing passage of this bill, please feel free to contact me. We look forward to working with you.

Sincerely,

PATRICK CAMPBELL,
Chief Legislative Counsel.
